TERMS

TERMS OF SALE, CASH—To those having established credit, 30 days from date of invoice.

PLANTING—Orders amounting to $25.00 or more planted at these prices.

GUARANTEE—We guarantee all stock sent out to be well grown, true to name, properly packed and shipped according to instructions.

All stock planted by us that dies during the first growing season, will be replaced for one-half of its original cost.

If, by any possibility, errors should occur, they will be promptly rectified upon notice. However, our liability is limited to the amount received for stock and shall in no case be otherwise construed.

WATER GARDENS

Water is always interesting. Place it in a well designed pool, stock it with fancy gold fish and choice water plants, dress its margins with water-worn rock and suitable rockery and margin plants, and you will no longer wonder why water gardening is so popular. Your water garden will become a gathering place for the family and friends, a focal point of interest and beauty.

AQUATIC PLANTS

Hardy Water Lilies

Varieties — Price each

NYMPHAEA (after May 10th) of easy culture, growing best in full sunlight, in water 12 to 18 inches deep, with a bushel or more of well enriched soil for each plant. In most cases, the heart-shaped to nearly round leaves and many colored flowers float upon the surface of the water.

COMMANCHE—Creamy pink on opening, changing to Amber red. Large, vigorous, free flowering. A favorite with visitors to our nursery. We recommend it highly..... $5.00

GLORIOSA—A rosy red having the same good qualities as Commanche. Very good.... 5.00

MARLIAC ROSE — Good deep pink, rose shadings 2.50

CHROMOTELLA — Vigorous, free flowering popular yellow..... 2.50

ODORATA — White, good for lakes or marshes ..... .50

SEVERAL OTHER VARIETIES in small quantities.

NELUBIUM (after June 1st). Most showy of all water lilies. The round leaves, monstrous flowers and odd seed pods stand well above water. It has been a favorite with the people of all races and all times. A little more difficult to transplant and available only between May 20th and June 10th.

DOUBLE FLOWERED DEEP ROSE—This variety has proven superior to other varieties. We grow and we recommend it most highly as to freedom of flower, color, form and size 5.00

LUTEA—Creamy native Yonkapin..... 2.00

SPECIOSUM—Pink Egyptian Lotus 2.00

SHIROMAN—White 7.00

SUBMERGED PLANTS

GOLD FISH

No fountain or pool is complete without aquatic animal life. Gold fish are probably the most interesting and ornamental form, are hardy and easy to care for. We sell only healthy fish of the best quality obtainable. We have them from two inches to fourteen inches in length and in many varieties including—COMETS, NYMPHS, JAPANESE FANTAILS, SHUBUNKINS, BLACK MOORS, TELESCOPES, etc. Prices in gold fish depend as much upon quality as size in each variety. We have them all the way from 10c to $10.00 each and hope to have a few this spring that will be worth from $10.00 to $30.00 each.

MISCELLANEOUS

Other animal life will add interest to your pool and prove beneficial in removing Algae, surplus fish food and rotting vegetation.

If sent a rough sketch of Pool or Rockery, showing size, whether in shade or sun and location on lot, we shall be glad to suggest a list of plant material to be used with cost estimate.

PERENNIALS

HARDY PERENNIALS furnish color and variety and no garden is complete without their use.

We grow and sell a most complete list of Perennials, especially those suited for use in Rockeries. We are constantly trying out and adding new varieties to our list and have at this time quite a number of new varieties in small quantities which we are not listing.

The following code will be helpful to the buyer in selecting varieties suitable for special locations.

(R)—Plants suitable for Rockeries.

(S)—Plants suitable for shady places.

(M)—Plants suitable for pool margins.

Unless otherwise priced, all hardy Perennials are sold at 30c each, $3.00 per dozen plants. Assortments of not less than three plants of a kind sold at dozen rates.
